CIRCUIT
EQUIPMENT

FROM **1984**

CIRCUIT EQUIPMENT was founded in 1984 by the dynamic owner Renato Breda. Participating in Motocross tracks as a rider led him to learn and study the needs in a constantly evolving environment and, from there, in a few years, his company became a reference in the South American market. Following development, the company has consolidated its operations in Italy, the USA and the Middle East in addition to a presence in more than 40 countries with exclusive distributors. Today the Circuit brand is present on all continents and has a strong presence with riders and teams in the most important Motocross, Supermoto and Enduro world championships, in addition to offering a wide range of products for on-road motorcycles and bikes!

KIRA

LOCK-ON type handle, with handle coupled to pulley
No needs to use fixing wire or glue.
It has different throttle cable connectors for different off-road motorcycle models.
Left handle also features easy and quick fixing, with anodized aluminum ring for a secure hold.
It has a "diamond" design with hexagons.
Made of soft and comfortable material.
It has two materials, being the contact region with hands a high softness material, and in the extremities a harder material to hold. Eventual falls or hit on obstacles of the OFF-ROAD environment.
Italian design.

COLORS
MA016-23A GY/TI
MA016-2B1 GY/BK

CIRCUIT V

High performance handle. Two-component design, high-grip outer material, rigid inner material for attachment to the handlebar.
Micro piramids on all surface ensure much more grip.
Tips with "C" logo.
